Thursday 20 November	09:00-18:30
Friday 21 November	08:00-16:00

WELCOME FROM THE CONFERENCE CHAIR

Emma Stoneman, the Chair of Podiatry 2025, welcomes you to Glasgow

I want to welcome you all to Glasgow for our annual conference and exhibition. My thanks and appreciation go to the many contributors, speakers, exhibitors and attendees who make this event - and these three days - so special for our profession.

Our theme this year is *One purpose, one profession*. It's not just because we welcome the Faculty of Podiatric Surgery to deliver plenary sessions, workshops and practical pop-ups, but because it serves as a reminder that wherever you work in the profession, and in whatever setting, you are welcome here as we learn together.

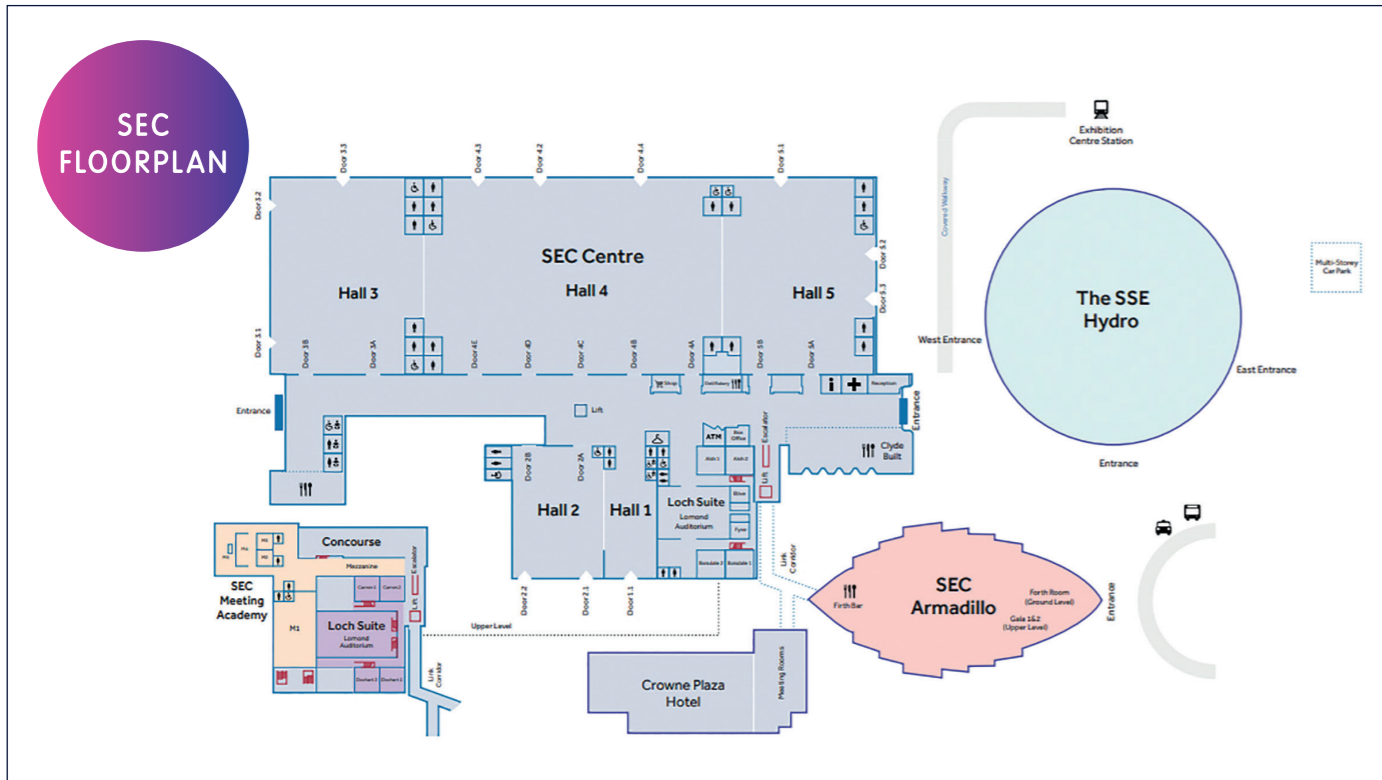

This year's programme includes a wide range of session types: from practical pop-ups in the exhibition hall, where you can learn hands-on skills from some of the UK's leading podiatric surgeons, to Sofa sessions, informal conversations with experts that give you the chance to ask questions and explore ideas for your own development.

We're delighted to welcome Rugby World Cup Winner, Rocky Clark, to deliver a keynote on the highs, lows and thrills of professional sport, as well as Professor Richard Weller, who will speak about his landmark research on the benefits of sunlight. You'll also find fantastic sessions on consent, legal and complex cases, dermatology, high-risk vascular and diabetes care, menopause, MSK and arthritis, person-centred care, podiatric surgery, and mental health and wellbeing.

Our purpose as a College is to champion lower limb healthcare and support people to live their best lives. With our five-year strategy well underway – to raise the profile and public awareness of podiatry, become the leading centre for clinical knowledge, the number one podiatric learning brand, and ensure financial sustainability – we are moving in the right direction. Our CEO, Jane Pritchard, will update you on our progress during the opening speeches.

This is my final conference as Chair. It has been one of the privileges of my professional life to lead this event for the past two years. I now hand over to Joseph Spannari – a brilliant, thoughtful podiatrist and leader – who will take the reins for the next two years.

Please enjoy conference. Engage fully, connect with new and familiar faces and I hope you take something valuable back to your practice or organisation.

CONSENT

By attending the event, you agree to be photographed, filmed, or recorded. You also give your permission for the event to use your media in their publications, promotional material, and other communications channels.

USE OF MEDIA

The RCPod may use the media for marketing, publicity, or other purposes. This could include social media, websites, brochures, newspapers, magazines, and more.

OPTING OUT

To opt-out:

1. Please approach the photographer and the videographer and say that you do not wish to be photographed or recorded. This is so that they can identify you.
2. Please contact the RCPod to confirm that you want to be exempt from being photographed or filmed, or if you have any concerns. Please email conferences@rcpod.org.uk or speak to a member of the reception desk, where you will be asked to fill out a consent release form. You can also revoke your consent at any time, for example if you were unaware you were being filmed, or if you feel the photos are unflattering.

PODIATRY 2025 CONFERENCE APP

DOWNLOAD YOUR PODIATRY 2025 APP

We're excited to provide you with a bespoke conference app with all of the information and tools you need to make the most of the event.

Your essential tool for the conference.

Access the programme, book sessions and workshops, vote for posters, view speaker details, maps and live updates – all in one place.

HOW TO GET STARTED

- Scan the QR code below to download
- Or search 'Podiatry 2025' in the App Store or Google Play.
- Log in with your conference registration email and explore!
- Need help? Email support@allintheloop.com

Make the most of your time at Podiatry 2025 with our official conference app - designed to keep everything you need at your fingertips.

WHY DOWNLOAD THE APP?

Stay informed

Real-time agenda updates and live announcements.

Plan your day

Build your own schedule and book workshops.

Get involved

Vote for your favourite poster, ask questions in sessions and take part in polls.

Find your way

Venue maps and session locations.

Connect

Speaker profiles and session details.

NEED HELP?

If you have trouble accessing the app, email support@allintheloop.com the team will be happy to assist.

TOP TIP:
KEEP NOTIFICATIONS SWITCHED ON FOR IMPORTANT UPDATES DURING THE CONFERENCE

ACCESS

The SEC offers a wide range of accessibility features across its venues. Step-free access is available throughout the campus, with wheelchair-accessible entrances and seating options.

Accessible toilets are located in all main areas, and assistance dogs are welcome.

The SEC supports inclusive initiatives such as the Hidden Disabilities Sunflower Scheme.

Hearing loops are installed in key locations, and mobility aids can be arranged locally. Staff are trained to assist visitors with additional needs, and drop-off zones are available close to entrances.

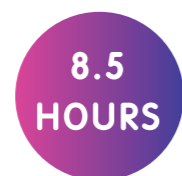

For specific requirements or further assistance, visitors are encouraged to contact the SEC reception team directly at info@sec.co.uk or call 0141 248 3000. Read more about SEC accessibility on page 34.

BADGES

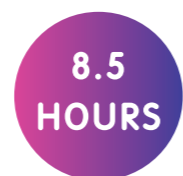

For security reasons, please ensure your name badge is always clearly visible.

If you lose your badge, visit the registration desk to have a replacement reprinted as soon as possible.

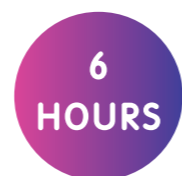

HOURS OF LEARNING

20 NOVEMBER

21 NOVEMBER

22 NOVEMBER

CERTIFICATES OF ATTENDANCE

Certificates of attendance will be emailed to delegates within two weeks of the conference.

Each certificate will reflect:

- The number of days attended
- The total learning hours awarded.

CLOAKROOM

There are cloakrooms in two of the SEC's buildings – in the West lobby of the SEC Centre and on the ground floor of The OVO Hydro. They are open during many events and visitors can deposit items for the duration of the event for £3 per item, per day. Please note that items cannot be left in the cloakroom overnight. For more information please email info@sec.co.uk

RCPOD EXHIBITION STAND

This year, the RCPod's stand offers more than ever before. Explore dedicated areas designed to support you throughout your career:

- **Representing you:** Speak to our trade union and legal teams. A separate stand space is available for fuller conversations with our legal team.

- **Your digital future:** Discover recent projects, including the Student Hub, and explore in-career guidelines and tools
- **Meet our SAGs:** Connect with Specialist Advisory Groups and learn about their work
- **Council conversations:** Join our Council members for insights and discussion
- **Inspire Movement, Choose Podiatry:** Find out more about our careers campaign and how we're inspiring the next generation
- **Education and CPD:** Ask our education team and clinicians about CPD, courses and pathways to advance your career.

CONFERENCE PRESENTATIONS

If our speakers permit us to share their presentations, they will be available after the conference at: rcpod.org.uk/podiatry-conference

MEET THE COLLEGE COUNCIL

Join our Council members for Council Conversations, a dedicated session where you can ask questions and share your views.

RCPod Stand, Hall 4

(Exhibition Floor)
Thursday 20 November
13:15 to 13:45

EMERGENCIES

In the event of an emergency, please contact a member of staff, the RCPod staff or a member of the SEC security staff, who you will see

throughout the building. In all other instances, please dial 999.

EXHIBITION

The exhibition is an integral part of the Podiatry 2025 conference, and we greatly value the support of our exhibitors. We encourage all delegates to take time to explore the exhibition, connect with suppliers and discover the latest innovations in podiatry.

Discover who's exhibiting in this handbook, on our Podiatry 2025 web page and on our smartphone app.

HEARING LOOP

Reception in the SEC Centre and all of its box offices have induction loop systems.

Induction loop systems are also available in all Loch Suite and Seminar Suite rooms. The stalls area of the SEC Armadillo and certain areas of the exhibition floor in Hall 4 are also equipped with induction loop systems.

LUNCH

Delegates' lunches are available to purchase on Thursday, Friday and Saturday from all the catering points. There are several catering points available so please use them all to avoid congestion.

A range of hot and cold food and refreshments will be available to purchase. Please note that cash is not accepted, and all transactions are contactless.

PHOTO AND VIDEO PRODUCTION

By attending the event, you consent to being photographed, filmed, or recorded and grant permission for the RCPod to use this media for marketing, publicity, or other purposes. This includes social media, websites, brochures, newspapers and magazines. If you wish to opt out, have concerns, or want to revoke consent - for example, if you were unaware of being filmed or find a photo unflattering - please make yourself known to the photographer and the videographer and email conferences@rcpod.org.uk or speak to the reception team. Your preferences will be respected at any time.

POSTER PRESENTATIONS

Posters will be displayed on the exhibition floor, with dedicated viewing sessions scheduled throughout the programme.

You can:

- Check who is presenting via the conference app
- Vote for your favourite poster in the app
- Refer to the poster section in this handbook for full details of all presentations.

REFRESHMENTS

Complimentary refreshments will be served during the scheduled breaks listed in the programme.

Multiple catering points are available – please use them all to help avoid congestion.

REGISTRATION DESK

If you have any questions or concerns during the conference, please make your way to the registration desk located outside Hall 4C. Staff from the College will be on hand to assist with any enquiries.

Registration desk opening times:
Thursday 20 November: 09:00
Friday 21 November: 08:00
Saturday 22 November: 08:15

We're here to help ensure your experience at Podiatry 2025 is smooth and enjoyable.

SECURITY

In the interests of safety and security, SEC personnel will be stationed throughout the venue. If you wish to report anything or require assistance, please speak to a member of the SEC security team or contact a member of the conference team at the registration desk.

SPEAKERS

To see who is speaking at this year's conference, a full list is available at: www.rcpod.org.uk/podiatry2025.

You can also access speaker information throughout the event via the conference app.

SPEAKER PREVIEW AND LOUNGE

The Etive Room, located on the ground floor of the SEC Centre beside the Lomond Auditorium, will serve as the speaker preview room for Podiatry 2025.

Speakers are kindly asked to visit the preview room at least two hours before their session to upload their presentation and check their presentation through with the technical team.

Refreshments will be available to help you prepare comfortably.

SOCIAL MEDIA

Delegates are welcome to use the hashtag **#Podiatry2025**

WELLBEING

The health and wellbeing of all our delegates, speakers, exhibitors and staff will always be our number one priority. If you have any concerns for your personal wellbeing, please contact a member of staff at the registration desk or at the College stand.

Alternatively, please seek out a member of staff at the SEC.

WI-FI

Free Wi-Fi is available throughout the SEC's buildings.

SHARE YOUR PODIATRY 2025 EXPERIENCE!

We love seeing your highlights, insights and photos from the event.

Post on your favourite social media channels and join the conversation with fellow delegates.

PODIATRY 2025 EXHIBITOR INFORMATION

acumed Acumed 11

Acumed is recognised by surgeons for its commitment to quality. Through continuous improvement and data-driven insights, we enhance product design, education, and customer experience-ensuring reliable performance and optimal outcomes for patients, healthcare providers, and the surgical community. For over 30 years, Acumed has driven innovation-introducing industry-first solutions, new materials, and techniques that simplify procedures and address unmet clinical needs.

ALGEOS Algeos 1&4

Algeos is a UK leader in podiatry and orthotic therapy, providing innovative products and technologies that are engineered to be different and keep people moving. Based in Liverpool and with a global reach, Algeos is committed to quality, education, and strong industry partnerships that support practitioners in delivering exceptional care.

Bailey Instruments 48

With over 30 years' expertise, Bailey Instruments remains a trusted partner to healthcare professionals, providing reliable, compliant, and cost-effective single-use solutions that simplify everyday practice. susol® is Bailey Instruments' premium range of single-use medical instruments, created for podiatrists and clinical specialists who prioritise precision, efficiency, and safety. Each instrument delivers consistent performance, supporting the highest standards of care while reducing reprocessing risks.

Baliston Health 51

Baliston Health is transforming gait analysis in podiatry.

Our AI-powered Mov-Scan platform captures comprehensive mobility data in under 3 minutes, providing real-time, evidence-based insights. Practitioners receive automated orthotic recommendations tailored to each patient's movement - enabling precise care, improving outcomes, and modernizing how podiatrists assess, monitor, and manage foot function and lower limb health.

BAP Medical UK 60

Established over 20 years ago by a group of Medical Marketing Professionals, BAP Medical UK has built a fantastic reputation for supplying innovative and cutting-edge Medical Devices to Medical and Allied Professionals in the UK. We're small enough to treat our customers as individuals, taking time to explain how our products will benefit your patients but big enough to recognise the need for a sound evidence base. Come and spend a few minutes with us.

BigTOE 54a

BigTOE is a multicentre randomised controlled trial evaluating carbon fibre shoe stiffening inserts in people with first MTP joint osteoarthritis. Led by the University of Warwick and funded by NIHR, this innovative trial seeks to improve clinical outcomes and build research capacity.

Biocomposites 25

Biocomposites is an international medical devices company that engineers, manufactures, and markets world leading products for use in infection management in bone and soft tissue. Based in Keele, UK, it has global operations across Europe, USA, Argentina, Canada, China, and India. Biocomposites is a world leader in the development of innovative calcium compounds and bone cements for surgical use.

BONESUPPORT BONESUPPORT UK Ltd 29

BONESUPPORT AB is a Scandinavian orthobiologics company that develops and markets CERAMENT®, an innovative range of radiopaque injectable osteoconductive and drug-eluting bioceramic products that have a proven ability to heal defects by remodeling to host bone in six to twelve months. Our products are effective in treating patients with fractures and bone voids caused by trauma, infection, disease or related surgery.

Buchanan Orthotics & Shein 50

Buchanan Orthotics Buchanan Orthotics is a family-owned business which operates from our Headquarters in Glasgow, we have evolved from a small surgical appliance Centre to a UK wide Leader in Orthotic Solutions.

Schein's name has stood for quality orthopaedic products for more than 140 years. Our passion for orthopaedics and craftsmanship has been inherited throughout generations.

CMTUK 58

CMTUK supports those living with Charcot Marie Tooth disease by providing services including: a help-line, information, support groups, conferences, magazines, events for children (CMT Kids) and CMT Big Kids (18-30). CMTUK also funds research. It is a donation based membership charity based in Bournemouth and covering the UK.

Dermatonics 65

Dermatonics develops clinically proven footcare formulations trusted by podiatrists and foot health professionals. Our range combines naturally effective ingredients such as Manuka Honey and Urea, with proven results to help repair, hydrate, and protect dry, cracked skin. Proudly UK-made and suitable for people with diabetes, delivering visible improvement from day one.

Essity 34

Essity is a global, leading hygiene and health company. Every day, our products, solutions and services are used by a billion people around the world. Our purpose is to break barriers to well-being. Sales are conducted in approximately 150 countries under leading global brands TENA, JOBST, Actimove, Cutimed and Leukoplast.

Canonbury Products Ltd 24

Canonbury Healthcare Canonbury Healthcare is the UK's leading supplier to the podiatry profession, offering the largest and most comprehensive range of products and stock holding in the industry. With over 40 years of expertise, we are committed to delivering exceptional customer service and outstanding value for money. Our extensive product range ensures Podiatrists and Foot Health Practitioners have everything they need to provide excellent patient care.

Convatec 19

At Convatec, we believe in better healthcare for all. We develop and produce advanced wound care solutions for the management of hard-to-heal wounds, and prevention of wound occurrence. We want patients with hard-to-heal wounds to have better quality of life and experience positive outcomes, and we want to make life easier for their care providers.

Entera Medical Ltd 63

Entera Medical Ltd is a specialised Medical Device Distributorship with a key focus on the sale and promotion of the full HEINE Optotechnik range of products produced in Gilching, Germany. We pride ourselves on a dedicated, tailored, customer-focused, and consultative service with our speciality being in the field of Dermoscopy and the latest and best quality Dermatoscopes on the market that can be found on display at our stand 63 at this year's Podiatry 2025 exhibition.

Firefly Orthoses Ltd 33

Firefly Orthoses pioneers advanced 3D-printed foot orthoses using selective laser sintering (SLS) technology and sustainable PA11 material. Manufactured in-house in Ireland, each device features unique in-shell designs for precision fit and performance. Firefly's industry-leading technical support empowers podiatrists across the UK and Ireland to achieve consistently superior clinical outcomes with their digital end-to-end solutions.

Celtic SMR Healthcare 27

Celtic SMR Healthcare Celtic SMR Ltd have been supplying diagnostic and imaging equipment across the UK and Ireland for over 40 years. We pride ourselves on developing long-lasting relationships with our customers and are committed to providing excellent customer service, training, and support. Our portfolio include SonoScape ultrasound, Medispec™ Shockwave, and ASA Laser MLS® and Hilterapia® laser systems.

Cuxson Gerrard & Co. Ltd 23

Cuxson Gerrard, manufacturers of Hapla, are delighted to be exhibiting at the RCPod Annual Conference 2025. You can find us: Michael, Jonathan, Constance, Megan and Lewis at stand 23 where we'd be delighted to talk to you and demonstrate the clinical use of our products especially our paddings and supportive tapes.

Erchonia Laser Ltd 31

Erchonia is the world leader in non-thermal laser technology and the manufacturer of the Lunula Laser, the only FDA-cleared, non-thermal, dual-wavelength laser for onychomycosis. Unlike traditional treatments, Lunula works at a cellular level to stimulate ATP production, improve circulation, and restore tissue, resulting in stronger, healthier, and more aesthetically pleasing nails.

Foot Mechanics New Zealand 13

Discover what it's like to live and work as a podiatrist in New Zealand, where clinical growth meets lifestyle. Meet Foot Mechanics Co-founder John Miller to explore opportunities across our nationwide clinics. Ideal for podiatrists seeking career acceleration, meaningful work, and lifestyle in a stunning part of the world.

Clonallon Laboratories Ltd 54b

Clonallon Clonallon Laboratories designs and manufactures sterile procedure packs tailored to clinical needs here in the UK. Our innovative, customisable packs improve efficiency, reduce waste, and support patient safety. Trusted by hospitals and clinics, we deliver precision and value - helping healthcare professionals focus on what matters most: quality care.

Gait and Motion Technology Ltd **35**

Gait & Motion Technology offer cutting edge biomechanics solutions for Private Healthcare, Education, Research, NHS and Elite Sport throughout the UK, Ireland and UAE. We support over 520 practices with the industry leading Footscan pressure measurement system and Phits 3D printed orthoses, aiming to raise the standards for MSK healthcare.

ICB Orthotics **17**

ICB Orthotics are at the forefront of heat moulding orthotic design and development. ICB's patented dual density design and construction provides Podiatrists with the most versatile, easily adaptable pre-fabricated orthotic range on the market today. ICB's premier heat moulding orthotic range allows for quick and easy fitting, modification and customisation, in the clinic setting.

Lavender Medical **14**

Lavender Medical specialises in providing innovative surgical foot solutions by representing a number of leading, research-driven manufacturers, to ensure that the latest technologies are made available to the UK market. In 2025, we are proud to expand our portfolio with the introduction of advanced soft tissue repair solutions.

Poderm-Swiss Footcare Laboratories **42**

PODERM is a Swiss brand founded by a podiatrist and **#1 recommended by podiatrists for fungal nails**. Its **100% natural** serums are clinically proven to treat, protect, and restore healthy feet and nails. Its patented in-clinic nail treatment protocol has been adopted by several podiatrists through the Poderm Academy.

Glasgow Caledonian University **16**

Glasgow Caledonian University provides undergraduate and postgraduate education in the field of Podiatry. GCU is also world leading in their research outputs. The Podiatry programme is #1 in The Times UK Higher Education 2025 rankings.

Integra **49**

Integra LifeSciences offers a comprehensive portfolio of solutions that address tissue regeneration and surgical reconstruction. Integra is a pioneer in regenerative technologies, accommodating a broad range of specialties, including wound reconstruction, advanced wound care and plastic and general surgery. Our comprehensive Tissue Technologies portfolio includes Integra® Dermal Regeneration Template, MicroMatrix® Dermal Repair Powder, Cytal® Wound Matrix, and NeuraGen® Nerve Guide.

Legs Matter **52**

The Legs Matter coalition is working together to increase awareness, understanding and prevent harm for lower leg and foot conditions.

Podiatech - Sidas Medical **30**

At PODIATECH, we deliver innovative, expert-tested products to help you provide the highest standard of patient care. Developed with leading podiatrists and elite athletes, our solutions address a wide range of pathologies. Choose PODIATECH for trusted, cutting-edge foot care innovation.

LutraCAD B.V. **57**

LutraCAD delivers end-to-end digital orthotics tooling: intuitive CAD/CAM to design insoles, shoe lasts, midsoles, and test shoes; seamless scanning, automation, and production for milling and 3D printing. Open and vendor-neutral, we support EVA, PP, TPU, SLS/ MJF nylon, multi-density lattices, and workflow macros and integrations, accelerating turnarounds, consistency, and clinic profitability. Come and meet us at stand 57.

Royal College of Podiatry **47**

The Royal College of Podiatry is the professional body and trade union for podiatrists in the United Kingdom. It provides a range of membership services to podiatrists throughout the UK and internationally, including education, professional practice guidance, employment support and malpractice insurance (UK only).

EMTRIX® Humectare Ltd **55**

Once again, Humectare Ltd / Emtrix is proud to support RCPod. Since our launch, 10 years ago, we've showed our support for the podiatry profession by making our products exclusive to foot healthcare professionals – something we will continue to do. In return, we are grateful for the support and recommendations received.

Karo Healthcare **18**

Karo Healthcare empowers people to take control of their daily health by making smart choices for everyday healthcare. We believe good health means more than avoiding illness - it's about addressing, treating, and preventing daily health issues. Guided by this purpose, we aim to improve quality of life and lead in everyday healthcare.

medi® **64**

medi® is a leading UK supplier of orthopaedic and compression solutions with extensive experience in foot and lower limb health. Our German-engineered insoles, ankle supports, and compression therapy deliver comfort and aid recovery. Visit us on Stand 64 to explore how medi® can support every step of your patients' journey.
